

Kensington®

Held to a Higher Standard

As part of the global shift to reduce and mitigate environment impacts, we as businesses can collectively make a difference. That's why Kensington is focused on making sustainability a priority alongside innovation.

Conscious Design, Kensington Quality

With every iteration of the next generation, we endeavour to use durable alternatives that use less virgin plastic and leverage post-consumer recycled (PCR) materials – and commit to transparency in the percentages of these materials so our customers can make informed choices.
