Why Use Kensington Privacy Screen Filters

Kensington privacy screen filters safeguard sensitive information from prying eyes, allowing you to maintain your natural working position whether you're in the office or on the go, all while delivering a seamless combination of innovation, convenience and professional-grade protection.

Scratch Resistant

Anti-Reflective Coating

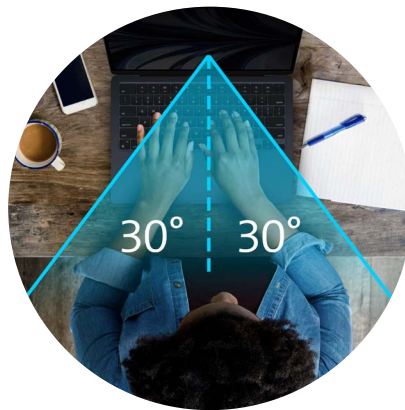

Easy Attach Options

Blue Light Reduction

±30° Viewing Angle

Reversible Viewing Options

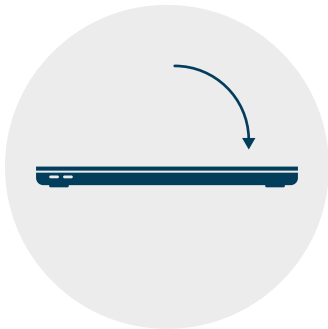

MagPro™ Elite Magnetic Privacy Screen Filters

For MacBook

The move toward hybrid working means that the modern workplace is no longer a single, easy-to-secure location. Users can be working anywhere, with an increased chance of visual hacking. Owners of any MacBook require a privacy screen filters that can be quickly attached and detached, allowing the laptop to close completely to enter sleep mode. The MagPro™ Elite Magnetic Privacy Screen Filters attaches seamlessly to any MacBook magnetic frame, requiring no inconvenient adhesives. Allowing the device to close completely, the screen narrows the viewing angle to $\pm 30^\circ$, limiting the chance of unauthorised viewing and reducing harmful blue light and glare.

High Clarity Privacy Screen Filters

For Laptops & Monitors

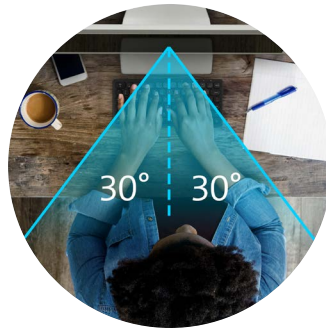

Many professionals struggle to maintain privacy while working with sensitive information in public or shared spaces. Standard privacy screens can sacrifice clarity, hindering visibility. Kensington High Clarity Privacy Screen Filters address these challenges with advanced nanolouver technology for vibrant visuals, unleashing up to 40% more light transmittance compared to standard screens.* Their limited viewing angle safeguards sensitive information, and their blue filters and anti-reflective coatings ease eye strain for enhanced comfort.

*Performance comparisons are made against Kensington Direct Attach privacy screen filters. Privacy screen filters designed for high light transmittance may produce visual artifacts such as Moire pattern effects when used on OLED displays. High Clarity Privacy Screens are compatible with LCD and LED displays only. Not recommended for use with OLED displays.
